Leaders for Life is a fundraising competition among Chicago's rising stars, up and comers and powerhouse young professionals from across all industries. This special group of individuals will be celebrated for the impact they have on the AHA's mission and within our communities.

All leaders will be celebrated at the Chicago Heart Ball on Thursday, May 6, 2021. The top Fundraising Leader will be awarded with the Leaders for Life Challenge Award during the evening program, recognized on the local Heart of Chicago website and have bragging rights for the year!
